

2024-2025 ALPHA PI MU SCHOLARSHIPS

Alpha Pi Mu (APM) will award five \$1,500 named scholarships and up to six \$1,000 APM scholarships. These scholarships will be awarded to outstanding Alpha Pi Mu members according to their qualifications and, in the case of named scholarships, specific requirements of each scholarship. The general criteria for the scholarships are the same as those for initial consideration for membership: scholarship, leadership, sociability, ethicality and widespread interests. Graduate student Alpha Pi Mu members are eligible for the Robert and Jean Dryden Service Scholarship and for any of the APM scholarships. Any student who has received a scholarship in the past is not eligible.

Descriptions of named scholarship special qualifications are provided below

The **S. Balachandran Scholarship** was established by Dr. Balachandran to recognize service to Alpha Pi Mu. Undergraduate students only.

The **Robert and Jean Dryden Service Scholarship** was established in memory of Robert D. Dryden, and includes the requirement that the applicant has served APM and/or the industrial engineering profession. Undergraduate students and Graduate students may apply.

The **Wolter J. Fabrycky ISE Scholarship** was established to emphasize the systems aspect of industrial engineering, and includes the requirement that the applicant's interests are consistent with the INCOSE designation of domain-centric systems engineering. Undergraduate students only.

The **Paul E. Givens Diversity Scholarship** was established in memory of Paul E. Givens, and includes the requirement that the applicant has contributed to diversity on campus through support for underrepresented students. Undergraduate students only.

The **John L. Imhoff Globalization Scholarship** was established in memory of John L. Imhoff, and includes the requirement that the applicant has demonstrated globalization activities, cooperation and understanding through leadership and related initiatives. Undergraduate students only.

The following general requirements must be met for all scholarships.

- 1) The applicant must be currently enrolled in an industrial engineering curriculum on November 15 and the following March 1 (2025). The applicant must have been initiated into APM by December 31, 2024.
- 2) The application must contain the substantiating information on the official application form. Additional materials beyond those requested, or alternate application forms, will not be considered.
- 3) The application must include the names of the applicant, department head and the APM faculty advisor.

Each chapter may submit up to four applications. The applications will be evaluated by the APM awards committee of the Executive Council and the scholarships will be announced by March 1, 2025.

Each chapter is responsible for distributing and submitting the completed application forms to the faculty advisor. The faculty advisor and department head, or their appointed representatives, are to act as the chapter screening committee to select the successful applicants from the chapter to be put forward. The faculty advisor is responsible for forwarding the appropriate number of applications to the APM National Office (office@alphapimu.com) no later than November 15, 2024.

APPLICATION FOR 2024-2025 ALPHA PI MU (APM) NAMED SCHOLARSHIPS

NOTE: To be considered, all information MUST BE TYPED in the appropriate fields on this form.
Only include the most recent 3 years of college work, honors and activities.

PERSONAL DATA

EDUCATIONAL DATA (as appropriate)

Name: _____ B.S. University: _____

Address: _____ Overall GPA: _____ Major GPA: _____

M.S. University: _____

Email: _____ Overall GPA: _____

Ph.D. University: _____

Anticipated address on March 1:

Overall GPA: _____

Expected date of graduation
(current degree): _____

ESSAY (MAXIMUM of 300 words) Topic: Describe your contributions to the betterment of APM, your department, university and the profession of industrial engineering. In addition, document your specific qualifications for a named scholarship(s), as appropriate.

ALPHA PI MU APPLICATION (continued)

List each of your organizational memberships, honors & awards, and other areas of involvement in the respective tables below. "The information provided by me in the following tables qualifies me for one or more of the following APM Named Scholarships":
